MAINTENANCE ADDENDUM

Southern California Chapter,
Western Insulation Contractors Association

and

Local No. 5
International Association of
Heat and Frost Insulators
and Allied Workers

Effective: June 27, 2011 – June 29, 2014

SECTION I Work Covered

1. This Addendum covers the terms and conditions of employment of all employees engaged in asbestos abatement, hazardous waste cleanup and/or stabilization, sweeping, insulation maintenance, manufacturing, foam application, and oil field work.
2. Insulation maintenance is defined as any industrial insulation work consisting of repair or maintenance character on Mechanical Systems, including piping, ducts, breechings, and processing and manufacturing systems. For the purpose of this Addendum the following definitions shall apply:
 - Maintenance: Maintenance shall be defined as any work performed of repair or a maintenance character within the limits of any individual property.
 - Repair: The word repair as used in this Addendum and in connection with maintenance is work required to restore, by replacement or by revamp, existing facilities to an efficient operating condition.
3. Manufacturing is defined as non-job site and fabrication of insulation materials, performed at the Employers regular place of business.
4. Oil Field work is defined as insulation of piping and equipment which relates to or concerns the production or extraction of oil, including extraction piping, gathering lines and related vessels.
5. New construction work that is related to the refining of oil is excluded from this Addendum. Such work shall be performed under the terms of the Master Labor Agreement.
6. Spray foam application is defined as preparation of piping and/or equipment and the application of insulation foam and coating materials incidental to foam systems when applied by machine, including new construction and maintenance. For purposes of this Addendum foam application does not include poured foam or R.T.V. type foam used in new construction.
7. This Addendum does not cover new construction work except for oil field work and spray foam application, as described in paragraphs 4 and 6 above.
