**Note:** The shift provisions provided in the following pages provide guidance on the work hours that are applicable to each shift. Shift differential pay is required and will be enforced during each applicable shift where shift differential pay is in the determinations. Any shift provision restricting the work hours for a particular shift for a type of work will not be enforced on public works. However, if work is performed during hours typically associated with a 2<sup>nd</sup> or 3<sup>rd</sup> shift the appropriate shift rate of pay is required. Shift differential pay shall not apply to work during traditional shift hour (swing or grave) if the determination includes a footnote that indicates that the non-shift rate may be paid for a special single shift. Please note the exemptions in California Code of Regulations Section 16200 (a)(3)(F) do not waive the shift differential pay. These regulatory exemptions only apply to overtime pay. Overtime shall be required in accordance with the determination and Labor Code Section 1810 through 1815.

THIS AGREEMENT, made and entered into January 24, 2013, modifying and changing the Cement Masons' Master Agreement dated June 16, 2009, between the ASSOCIATED GENERAL CONTRACTORS OF CALIFORNIA, INC. (AGC), hereinafter referred to as Collective Bargaining representative of Employer, and the DISTRICT COUNCIL OF PLASTERERS' AND CEMENT MASONS' OF NORTHERN CALIFORNIA, herein and after referred to as the Union.

**D. Shift Work**

Where multiple shifts are worked, if the Individual Employer elects to work the day shift starting between the hours of 5:00 a.m. and 10:00 a.m., that shift shall work eight (8) hours and for such work they shall be paid the regular straight time rate for eight (8) hours; the second (2<sup>nd</sup>) shift shall work seven and one-half (7 ½) hours, and for such work they shall be paid the regular straight time rate for (8) hours; if a third (3<sup>rd</sup>) shift is worked, they shall work seven (7) hours and for such work they shall be paid eight (8) hours regular straight time pay. No multiple shift shall be established or started for less than five (5) consecutive work days.

Where predetermined conditions exist as advertised by the bidding authority requiring a starting time outside of the established starting times, a special single shift differential of three dollars (\$3.00) per hour shall apply.

It is agreed that the Individual Employer and the Employees hereby affected may mutually agree, in writing, upon different starting or quitting times for any of the above mentioned shift arrangements.

When, upon requirement of the awarding authority, the Individual Employer produces evidence in writing to the Union of a bona fide job requirement or, due to safety conditions or other requirements, such work may be performed on single or double shift basis and an Employee shall work eight (8) consecutive hours for which he shall receive eight (8) hours' straight time pay, Monday through Friday. Any Employee who reports to work on such special shift and for whom work is provided shall receive not less than eight (8) hours' straight time pay. The Individual Employer shall notify the Local Union having area jurisdiction before starting such special shift and shall confirm the notice, in writing, within twenty-four (24) hours following the start of the special shift. Provided, however, if, by direction of the Contracting Authority, the bid specifications require it, or congestive traffic conditions on Fridays are such that work conditions would be unsafe for Employees, or counter-productive to the performance of work, the special shift may commence on Sunday with double time (2x) to be paid from the start of the shift to 8:00 p.m. and the applicable straight-time rate paid from 8:00 p.m. until completion of the eight (8) hour special shift.

It is further agreed that in the event the special shift starts on Sunday, the sixth (6th) day of the work week shall be considered as the Employee's Saturday and the seventh (7th) day of the work week shall be considered the Employee's Sunday for purpose of computing overtime.

Special single shifts may be used in conjunction with any other shifts. The special single shift premium shall only apply to work that is mandated to be performed outside the normal shift hours. All other work on the project performed during the normal day shift shall be paid at the regular rate of pay.
