**SECTION 4**  
**WORK COVERED BY THIS AGREEMENT**

- A. This Agreement shall apply only to construction jobsite work performed by the signatory Employer with his own forces in conjunction with the construction, alteration, modification, improvement, or repair, in whole or in part of a building, structure, or other jobsite construction work within the recognized jurisdiction of the union and shall not include any other jobsite construction industry work. Jobsite is defined as an area within which construction work is being performed, the boundaries for which are the same as those boundaries delineated in the specifications for the job or project which may include such references as right-of-way, parcel, subdivision map, dedicated street or lot. In the case of subdivisions or planned unit development where construction phases are stipulated by construction contracts, jobsite will mean only that area covered by phases or units currently under construction and under the Employer's control as further defined in Section 7 (A) of this Agreement.

- B. Repair and maintenance of equipment is specifically excluded from the coverage of this Agreement. This Agreement shall not apply to the layout and distribution of materials. At the discretion of the Employer, employees covered by this Agreement shall perform work traditionally accomplished by other trades, where necessary for the practicable completion of the work.**
