To Whom It May Concern:

It has come to our attention that some contractors and labor compliance programs may be misinterpreting the Travel & Subsistence provisions in the prevailing wage determination for Sheet Metal Workers in the following counties: Fresno, Madera, and Kings Counties. These provisions are drawn from the Sheet Metal Workers' Local 162 Blended Master Labor Agreement effective 2007/2008 through 2011/2013, and since extended through June 30, 2017.

In 2012, Sheet Metal Workers' Local 162 merged into Sheet Metal Workers' Local 104. Therefore, Sheet Metal Workers' Local 104 provides this clarification jointly with SMACNA Central Valley.

1. Item 13 provides for travel pay for employees, depending on the location of the employer's permanent shop, the jobsite, and whether the employer is required to obtain labor from a local hiring hall pursuant to a collective bargaining agreement.
2. The travel and subsistence provisions are "intend[ed] travel pay to fairly compensate employees for travel, not to place contractors at a competitive disadvantage or to create artificial barriers against our of area contractors." Travel & Subsistence Provisions, Article VII, Section 2.
3. Item 13, Section 1 provides that an employer whose permanent shop is located in the city that is within 50 miles from the jobsite is not required to pay travel pay.
4. Item 13, Sections 4 and 5 provide that an employer whose permanent shop is located in a city more than 50 miles from the jobsite must pay travel pay as defined in those sections.
5. Item 13, Section 6, provides that an employer who is signatory with other local unions of the Sheet Metal Workers *and who obtains labor through the local hiring hall nearest to the jobsite* is not required to pay travel pay, provided that the jobsite is within 50 miles from the city hall in the city where the local hiring hall is located. Item 13, Section 6 applies only to those out-of-area employers who, regardless of the location of their permanent shop, obtain labor from the local hiring hall. See Local 162 Blended Master Labor Agreement, Article VIII, Section 6 (requiring employers *who are signatory to collective bargaining agreements with other local unions of the*

Sheet Metal Workers to obtain labor from the local hiring hall “in the area where the work is to be performed”).

6. A nonsignatory employer whose permanent shop is located more than 50 miles from the jobsite, but who obtains labor from a union hiring hall in a city within 50 miles from the jobsite (for example, apprentices on public work, or workers dispatched pursuant to a project labor agreement), would be covered by Item 13, Section 6 with respect to those employees so obtained. A nonsignatory employer who does not obtain labor from a local hiring hall would have to comply with Item 13, Sections 1, 4, or 5, depending on the location of the employer’s permanent shop.

Michelle, let me rephrase that in context of this language instead of the broad interpretation I gave you.

The definition of a "non signatory" (A non signatory contractor who is not signatory to Local 104, that contractor may or may not be signatory to another SMART/SMWIA union.)

Thank You and let me know if you have any other questions

This seems to contradict information that we have received in the past regarding 'nonsignatory employers' – would you kindly rectify the discrepancy and clarify which definition prevails? I have attached the document that addresses the same issue – thank you again!

It is a shop not signed to a union agreement with any Local Union that makes up the Sheet Metal Workers International.

Hi Dominic,

I just wanted to let you know that everything is approved for publication, but we do have one small clarification that we would like to inquire about. On #6 of the MOU, it states that "A nonsignatory employer whose permanent shop..." – what is your definition of a "nonsignatory employer"?

Regarding: Separate Bargaining Sectors and the Counties Covered

To Whom It May Concern:

The recent consolidation of Collective Bargaining Agreements within the Sheet Metal Workers' Local 162 jurisdiction has created some unintended ambiguity when specific bargaining sectors are called out within the contract. For instance in Addendum 1, Item 16 Parking; there is specific reference to Sacramento and Stockton Only. This reference to a particular area of Northern California represents the Bargaining Unit, not just the specific City and will cover more than one County.

The Counties covered by each Bargaining Unit within Sheet Metal Workers' Local 162 as called out in the Collective Bargaining Agreement are listed below;

Redding – Butte, Glenn, Lassen, Modoc, Plumas, Shasta, Sierra, Siskiyou and Tehama Counties

Sacramento – Amador, Butte, Colusa, Eldorado, Glenn, Lassen, Modoc, Nevada, Placer, Plumas, Sacramento, Shasta, Sierra, Siskiyou, Sutter, Tehama, Yolo and Yuba Counties

Stockton – Alpine, Calaveras and San Joaquin Counties

Modesto – Merced, Stanislaus and Tuolumne Counties

Fresno – Fresno, Madera, and Kings Counties

If you should have any further questions please feel free to contact me.
