Office of the Director-Research

ARTICLE 6
AREA PAY

AREA 1 PAY Employees will report directly to the job site without extra remuneration on all work in Area A which is described as the area within a seventy (75) statute air mile radius from the Nevada freeway interchange of Interstate 80 and 580.

A separate free zone will be established for employees permanently residing and working within a seventy five (75) statute air mile radius of the Elko, Nevada Post Office.

AREA 2 PAY All work outside Area 1 as defined above, shall be computed at an additional eight dollars (\$8.00) per hour effective for all work.

Employees working outside the free zone and commuting daily in company vehicle are not entitled to receive area pay.

Projects located in sparsely-populated, geographically remote areas where the employer and the union agree that payment of travel and subsistence as provided in the agreement may be unrealistic, and some type of living accommodations are in the best interest of the employer and the employees agree to refer the matter to the Joint Conference Board as provided by this agreement who will determine the type and amount of payment to be applied.
