SUMMARY OF IMPORTANT NOTICES CONCERNING BURGLAR ALARM AND FIRE ALARM INSTALLATION

Dear Public Officials/Other Interested Parties:

The Department has issued several important notices between June 27, 2002 and September 23, 2016, specifying the prevailing rate of pay for the installation of burglar and fire alarms. The tables on the following two pages provide a summary of the applicable rates of pay for burglar and fire alarm installation by county as of February 22, 2020. The information in these tables summarizes but **does not** alter the applicable rates of pay issued in the aforementioned important notices.

Please note that minimum rate of pay determinations are issued on a “project-by-project basis.” If you have a public works project in one of the counties listed in the tables that indicates “project-by-project basis,” you may request a minimum rate of pay determination prior to the bid advertisement date of the project by sending a written request to the address below. Each request should include all the relevant documents that would assist the Department in issuing a determination. These documents include but are not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

Please refer to the county determinations to find the rates associated with the craft(s)/classification(s) referenced in the tables. The scope of work for each classification is posted on the Internet at <http://www.dir.ca.gov/oprl/DPreWageDetermination.htm>. This information may also be requested from the Office of the Director – Research Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:

**SOUND
AGREEMENT**

2019 - 2022

Between

Local 569,

International Brotherhood

Of

Electrical Workers, AFL-CIO

And

San Diego County Chapter

National Electrical Contractors Association, Inc.

Covering

San Diego and Imperial Counties,

California

Effective June 1, 2019 through May 31, 2022

Section 3.03. DEFINITION - SCOPE OF WORK.

a. A Sound Industry Employer shall fulfill the responsibilities as outlined under qualifications of this Agreement and may perform work under this Agreement as required for the assembly, installation, operation, service and maintenance of components or systems of a low voltage nature. The scope of the Agreement shall include fiber optic systems and telephone interconnect. The transmission, service and maintenance of background music are excluded from this scope of work. Also excluded is the installation of conduit, raceway and lighting systems of any type.
