

## **ACCIDENT INVESTIGATIONS**

On January 25, 2014, at approximately 4:55 p.m., an accident occurred on a mechanical bull attraction owned by "Bull Rides" of Ontario, California, who was subcontracted by "i Party Palace" for the event. The attraction was located at 627 N. Lemon Street in Anaheim, California, at the time of the accident. During a guest's final ride, the guest fell and was hit by the ride resulting in a broken right ankle. The injured guest was rushed to a nearby hospital. The owner of this attraction was unknown to the Division when this accident occurred; therefore, this attraction had never been inspected and permitted. The Division became aware of this owner upon the initial report of this accident on May 7, 2014, by Westside Personal Injury Law Center.

On February 17, 2014, at approximately 8:00 p.m., an accident occurred on the Jump Cycles attraction (C#05717) owned by Butler Amusements. This attraction was located at the Riverside County Fair in Indio, California, at the time of the accident. One of the ride motorcycles broke from its mount with two female patrons aboard (ages 3 and 6). This resulted in the motorcycle falling off of the ride and coming to rest against the ride fence. Both patrons sustained minor injuries. As a result of this accident, the owner was asked to replace all of the motorcycle shafts and discontinue the practice of welding the vehicles to the shaft.

On February 23, 2014, at approximately 6:35 p.m., an accident occurred at Merry-Go-Round (C#00292), owned by Kemsley Shows. The attraction was located at 9701 Las Tunas Drive in Temple City, California, at the time of the accident. A young patron (age 3) was riding on the merry-go-round with her grandfather standing by her when one of the horses broke free from its mountings. This resulted in both patrons falling off the moving ride. The young female sustained a minor head injury. Her grandfather sustained a broken shoulder and a laceration to his right leg. Witnesses stated that the grandfather was leaning on the horse pole right before it broke. The owner was asked to contact the manufacturer to verify the correct components and materials required to for the lower horse mounting parts. The owner was subsequently asked to repair the merry-go-round per the findings.

On March 23, 2014, at approximately 3:44 p.m., an accident occurred on the Tilt-A-Whirl attraction (C#00175) owned by Christiansen Amusements. The attraction was located at the Azusa Shopping Center, 322 N Azusa Avenue in La Puente, California, at the time of the accident. While the Tilt-A-Whirl ride was in operation, the bonnet on one of the tubs broke free from its mounting. This resulted in the metal frame of the bonnet hitting a male patron on the left arm and a female patron on the back of the head. Both were riding inside the passenger unit. Upon inspection, the Division discovered that several of the bonnet hooks to the fiberglass bonnet had deteriorated, and were severely corroded. It was also evident that some were in new condition and

had recently been replaced. The owner was asked to make repairs to the corroded bonnet hooks.

On April 27, 2014, at approximately 6:00 p.m., an accident occurred on the La Grande Wheel attraction (C#17214) owned by Ray Cammack Shows. The attraction was located at the Coachella Music Festival in Coachella, California, at the time of the accident. During the operation of the ride, a patron extended her hand outside of the gondola's air vent opening to take a photo of herself. In doing so, her hand was caught between the drive motor and the ride structure resulting in several broken fingers. The investigation is still in progress and no requirements have been issued to date.

### **INSPECTIONS**

The following is a list of owners/operators in the State of California during the 2014 operating season. Included are the total number of rides inspected for each owner/operator and the total number of operating permits issued for the respective rides.

**Column A – Number of Rides Inspected**

**Column B – Number of Annual Permits Issued**

**Column C – Number of Temporary Permits Issued**
