

EXECUTIVE SUMMARY

OCCUPATIONAL SAFETY AND HEALTH APPEALS BOARD

Summary of Central Valley Contracting – Decision After Reconsideration

The Board, on its own motion, took the matter under reconsideration to address whether a penalty greater than \$5,000.00 should have been assessed. Employer did not report a serious accident to the Division. The Board's review of the evidence found Employer had submitted a document falsely purporting to show it reported the accident to the Division. The Board increased the penalty from \$5,000.00 to \$7,000.00.
