California Career Technical Education Incentive Grant Program: annual adjustment: renewal grants

Status: 5/23/2025 Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 4/23/2025)(May be acted upon Jan 2026)

Summary: Current law establishes the California Career Technical Education Incentive Grant Program, administered by the State Department of Education, with the purpose of encouraging, maintaining, and strengthening the delivery of high-quality career technical education programs. Current law requires, for the 2021–22 fiscal year and each fiscal year thereafter, \$300,000,000 to be available to the department, upon appropriation by the Legislature, for the program. Current law requires a grant applicant to demonstrate a proportional dollar-for-dollar match and sets that amount at \$2 for every \$1 received from the program. Current law prohibits an applicant from being awarded an amount higher than the amount that the allocation formula determines them to be eligible to receive under the program. Current law authorizes a grant recipient under the program to consist of one or more, or any combination, of school districts, county offices of education, charter schools, or regional occupational centers or programs operated by joint powers authorities or county offices of education, as provided. Current law provides that an applicant receiving a grant from the program in a prior fiscal year is eligible to apply to receive a renewal grant if the applicant's career technical education program continues to meet specified requirements, as provided. This bill would delete the prohibition against an applicant being awarded more than the amount determined by the allocation formula and would provide, for the 2025–26 fiscal year, and each fiscal year thereafter, that the amount to be made available to the department, upon appropriation by the Legislature, for the program to be the amount appropriated in the prior fiscal year as adjusted by a specified percentage, as provided. The bill would instead provide that an applicant receiving a grant from the program in a prior fiscal year is required to receive a renewal grant for 3 additional years, as provided. AB 889 – Hadwick (R)

Prevailing wage: per diem wages

Status: 10/11/2025 - Approved by the Governor. Chaptered by Secretary of State - Chapter 626, Statutes of 2025.

Summary: Current law requires workers employed on public works to be paid not less than the general prevailing rate of per diem wages for work of a similar character in the locality that the public work is performed, as prescribed, unless an exception applies. Current law requires the Director of the Department of Industrial Relations to determine the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is to be performed. Under current law, per diem wages include certain employer payments made pursuant to a collective bargaining agreement or for a program or committee established under the federal Labor Management Cooperation Act of 1978, as specified. Current law provides that these payments are a credit against the obligation to pay the general prevailing rate of per diem wages. Current law requires the credit for employer payments to be computed on an annualized basis where the employer seeks credit for employer payments that are higher for public works projects than for private construction performed by the same employer, except under certain circumstances, including a determination by the director that annualization would not serve the purposes of the provisions relating to public works projects. This bill would remove that exception and revoke annualization exemptions authorized by the director prior to January 1, 2026. The bill would authorize an employer to take full credit for the hourly amounts contributed to defined contribution pension plans that provide for both immediate participation and essentially immediate vesting even if the employer contributes at a lower rate or does not make contributions to private construction. The department, pursuant to the requirement of developing the California School Dashboard, has included as one of several state indicators, the College/Career Indicator (CCI), which represents the percentage of high school graduates who are prepared for college or a career. Community colleges: personnel: qualifications

Status: 10/01/2025 - Approved by the Governor. Chaptered by Secretary of State. Chapter 214, Statutes of 2025

Summary: Current law requires the Board of Governors of the California Community Colleges to adopt regulations to establish and maintain the minimum qualifications for service as a faculty member teaching credit instruction, a faculty member teaching noncredit instruction, a librarian, a counselor, an educational administrator, an extended opportunity programs and services worker, a disabled students programs and services worker, an apprenticeship instructor, and a supervisor of health. Current law requires the board of governors to adopt regulations authorizing local governing boards to employ faculty members and educational administrators who do not meet the specified minimum qualifications, subject to alternative minimum qualifications. Personal Income Tax Law: deferred compensation: exclusions: long-term qualified tuition program

Status: 05/23/2025 - May 23 hearing: Held in committee and under submission.

Summary: Current law, known as the Golden State Scholarshare Trust Act, establishes the Golden State Scholarshare College Savings Trust (Scholarshare trust), under the administration of the Scholarshare Investment Board, to provide financial aid for postsecondary education costs of participating students. Current state and federal law generally includes in gross income distributions from a qualified tuition program, as defined to include the Scholarshare trust, except as provided. This bill would exempt from gross income distribution made from a long-term qualified tuition program during the taxable years beginning on or after January 1, 2025, and before January 1, 2030, that are paid in a direct trustee-to-trustee transfer to a Roth IRA, and would conform state tax law to those changes relating to federal law, as described above. CAC LEGISLATIVE COMMITTEE
BILL REVIEW
(updated 1/23/2026)

2015, the specified date of those referenced Internal Revenue Code sections is January 1, 2015, unless otherwise specifically provided. Current law requires, for any introduced bill that proposes changes in any of those dates, that the Franchise Tax Board prepare a complete analysis of the bill that describes all changes to state law that will automatically occur by reference to federal law as of the changed date. It further requires the Franchise Tax Board to immediately update and supplement that analysis upon any amendment to the bill, and requires that analysis be made available to the public and be submitted to the Legislature for publication in the daily journal of each house of the Legislature. This bill would change the specified date of those referenced Internal Revenue Code sections to January 1, 2025, for taxable years beginning on or after January 1, 2025, and thereby would make numerous substantive changes to both the Personal Income Tax Law and the Corporation Tax Law with respect to those areas of preexisting conformity that are subject to changes under federal laws enacted after January 1, 2015, and that have not been, or are not being, excepted or modified.
