California Community Colleges

Educational Report

Gary Adams, Dean of Apprenticeship, Adult Education, and Contract Education

Dr. Sabrina Lopez, Apprenticeship Program Lead

Dalbir Singh, Apprenticeship Program Manager

Apprenticeship Program Transfers and Fiscal Impacts

- RSI Transfers Between Schedules
  - AB-109 Budget Act of 2026 – Sec. 26.00
- Why this Matters
  - RSI funding may need to follow an apprenticeship program when its LEA partner changes.
  - Some LEA changes occur within the same schedule, while others may require a transfer between schedules.
- What Section 26.00 Provides
  - Within the same schedule: Transfers may be made subject to the requirements and limitations of Section 26.00.
  - Between schedules: Transfers require Department of Finance authorization.

Program Transfer Process

1. Submit the RSI Program Transfer Form
   - This form serves as notification to the Chancellor's Office and should include the programmatic change, effective date, requested RSI hours, and other relevant details. Please email attachments, such as signed transfer request letters, to apprenticeship@cccco.edu.
   - Please submit the form as early as possible to allow sufficient time for review and budget processing.
2. Chancellor's Office Review
   - The Chancellor's Office will review the submitted information and coordinate with their Budget Office when a transfer between schedules is required.
3. Funding Request
   - The Chancellor's Office will make every effort to fund approved RSI hour requests and will continue to request additional base and shortfall funding.

RSI Recalculation

- Recalculation Due November 2, 2026 (November 1st lands on a Sunday)
  - The RSI recalculation is used to reconcile projected RSI hours with actual program activities.
- Action Required
  - Review your programs actual RSI hours for FY2025-26
  - Ensure reported information is accurate, complete, and certified by the due date

California Community Colleges

CAI Funding

- The Chancellor's Office will not open a new RFA for the next round of CAI funding.
- The previous application cycle received a large number of strong applications, with many applications scoring above the established funding threshold but remaining unfunded due to limited available resources.
- The Chancellor's Office will continue funding the highest-scoring applications that were not previously funded, following the established application ranking.
- This approach allows available funding to support additional high-quality proposals without requiring applicants to submit a new application.
- An intent to award memorandum will be released and grant agreements will be developed pending Board of Governor (BOG) review on November 17th.

How to Remain Connected

- Virtual Office Hours
  - 2nd and 4th Tuesday of the month from 2:00PM-3:00PM
  - Zoom Link
- Chancellor's Office: apprenticeship@cccco.edu
- Foundation for CCC: apprenticeshipsupportnetwork@foundationccc.org
