LOCALITY

Kern County.

BURGLAR ALARM AND FIRE ALARM INSTALLATION

The Department has issued several important notices specifying the prevailing rate of pay for the installation of burglar and fire alarms. The notices provide a summary of the applicable rates of pay for burglar and fire alarm installation by county. To view the important notices, please visit the [Director's General Prevailing Wage Determinations website for Important Notices Archive](https://www.dir.ca.gov/oprl/Important_Notices_Archive/Important_notices_archive.htm) (https://www.dir.ca.gov/oprl/Important_Notices_Archive/Important_notices_archive.htm).

For Burglar Alarm Installation in Kern County, the minimum rate of pay determinations are issued on a "Project-by-Project basis."

For Fire Alarm installation in Kern County, the minimum rate of pay would be that of Electrician: Inside Wireman.

SCOPE OF WORK

SECTION 3.16.

A. The replacing, extending, modification of existing facilities, and the installation of new facilities is the work of the Construction Electrician.

B. Workers employed under the terms of this Agreement shall do all electrical construction, all installation of electrical and electronic work and all electrical maintenance thereon, on all electrical work under the jurisdiction of Local #428, I.B.E.W., as determined by the International President of the I.B.E.W. This shall include the setting, processing, welding, cutting, burning, brazing, handling and moving of all electrical materials, electrical equipment, electrical apparatus and the making of the final running test and the installation of all underground raceways. This shall also include the installation and maintenance of all temporary power and light wiring. It shall furthermore include radiation monitoring, the installation of all public address equipment, communication equipment other than for public utilities, electronic equipment, telemetering equipment, or any other electrical instrumental equipment, with the installation of all related wiring, control wiring, fixtures, instruments and devices. It shall include the installation of all external raceways or wiring of fixtures or electrical equipment and the chasing and channeling necessary to complete the electrical installation work. All conduit shall be cut, threaded, field wrapped and bent, other than six inch (6") and less nipples and factory ninety (90) degree bends, by workers

employed under the terms of this Agreement and when pipe threading machines are used, such shall be operated by these workers.

C. Sound work, public address work, background work, radio and TV installation in the jurisdiction of Local #428, regardless of voltage or wattage, come also under the scope of this Agreement, at the Journeyman Wireman rate of pay, while on Building and Construction Trades jobs.

SECTION 3.17. The Employer shall notify the Union when he has knowledge that a portion of the electrical work, defined in this Agreement, is not included in the work he is to perform.

SECTION 3.18. SPECIAL SKILLS AND CERTIFICATIONS In accordance with Article 4, Section 4.15, an Employer may request a Journeyman with the following skills.

A. CABLE SPLICING: All work of joining, splicing and insulating; the placing of flame-proof covering and the installation of potheads shall be performed by Cable Splicers.
