

## SCOPE OF WORK PROVISIONS

### CRAFT/CLASSIFICATION

Electrician: Inside Wireman; Cable Splicer

### ID

61-952-1

### LOCALITY

Ventura County

### BURGLAR ALARM AND FIRE ALARM INSTALLATION

The Department has issued several important notices specifying the prevailing rate of pay for the installation of burglar and fire alarms. The notices provide a summary of the applicable rates of pay for burglar and fire alarm installation by county. To view the important notices, please visit the [Director's General Prevailing Wage Determinations website for Important Notices Archive](https://www.dir.ca.gov/oprl/Important_Notices_Archive/Important_notices_archive.htm)

([https://www.dir.ca.gov/oprl/Important\\_Notices\\_Archive/Important\\_notices\\_archive.htm](https://www.dir.ca.gov/oprl/Important_Notices_Archive/Important_notices_archive.htm))

For Burglar Alarm installation in Ventura County, the minimum rate of pay would be that of Electrician: Sound Installer.

For Fire Alarm installation in Ventura County, the minimum rate of pay would be that of Electrician: Inside Wireman.

### SCOPE OF WORK

**Section 3.19** Workmen employed under the term of this Agreement shall do all electrical construction, and installation or erection work, including the final running tests of any electrical system in its entirety.

Performs all electrical work on de-energized and energized electrical conductors, as a Qualified Electrical Worker.

In connection to an electrical system in its entirety. Placement, installation, erection or connection of any electrical wires, fixtures, lighting, appliances, instrumentation apparatus, raceway systems, [REDACTED] Any part thereof, which generates, transmits, transforms, or utilizes electrical energy or control in any form or for any purpose.

This shall include the installation of all electrical lighting, heating and power equipment, [REDACTED] and the installation and connecting of all electronic equipment, including computing machines and devices. [REDACTED] This shall also include the installation of all temporary power and light wiring (providing, however, other tradesmen may be permitted to attach or disconnect safe, properly grounded portable cords of not more than one hundred feet in length from a plug-in box for the use of not more than two (2) lamps, temporary power or power devices to the source of temporary wiring) provided for under this Agreement.

Performs high voltage cable splicing and terminations, breaker testing, commission and decommission of electrical control systems.

Cleans, services, repairs, operates and adjusts high and low voltage switchgear, transformers, conductors, connectors, fuses, and buses. Performs operations, maintenance and repair of wharf-side high voltage electrical power connections, circuit protection devices and associated and switchgear, ship based electrical power connections, barge mounted high voltage electrical equipment, and other related systems to facilitate the Alternative Maritime Power (AMP) ship to shore electrical power and other high voltage, marine terminal electrical power distribution and control systems.

### **Section 3.20**

Work involved in the handling and moving of all electrical material, equipment and apparatus on the job site shall be performed by workmen employed under the terms of this Agreement.

### **Section 3.24**

It is mutually understood and agreed by the parties hereto that on any electrical-electronic construction job, the electrical-electronic contractor shall install all electrical-electronic work, including the connecting of all fixtures, appliances, motors, equipment, electronic devices, electronic systems, communication systems, with all related control wiring and devices, to and including a running test, and any related instrumentation work or radiation monitoring, under the wage rates listed per Article III Section 3.04. This shall also include such work as the welding, burning, brazing, bending, drilling and shaping of all copper, channel iron, angle iron, I-beams and brackets to be used in connection with the installation and erection of electrical wiring or equipment where such work is done on the job site.

All conduit shall be bent, cut and threaded by workmen employed under the terms of this Agreement. And where pipe cutting and threading machines are used, such shall be operated by a journeyman or be under his immediate supervision.

### **Section 3.27**

On all jobs where workmen are required to work from trusses, scaffolds, frames, ladders, towers, or open platforms where the workman is subject to direct fall or where he has to work from a ladder or other support within five (5) feet of any direct fall opening and the work is located a distance of forty (40) feet or more from the ground or floor level, he shall be paid one and one-half (1 1/2) times the straight time rate of pay. An assignment of thirty (30) minutes or more on work such as described above shall entitle the workman to the premium rate for that half day. Any high time worked over a four (4) hour period, shall be paid for at the premium rate for the time worked.

### **Section 3.28**

When workmen are required to work under compressed air, or where gas masks are required, they shall be paid at the rate of one and one-half (1 1/2) times the regular straight time rate above for all such work. An assignment of thirty (30) minutes or more

to such work shall entitle the workman to the premium rate for the half day in which the assignment is made.

### **Section 3.33 PREFABRICATION**

Where pipe cutting, threading and bending machines are used under the terms of this Agreement on the job or in the shop, the cutting, bending, and threading of all conduit and the prefabrication and assembly of all components, brackets, supports and materials to be installed shall be performed by the workers employed under the terms of this Agreement. This applies to all materials used on job site, excluding vendor-supplied items.

## **ARTICLE IV Oilfield and Offshore Work Conditions**

### **Section 4.01**

All new construction on onshore oil company installations that are manned exclusively by building trades craftsmen shall be performed under the terms and conditions of the Inside Wireman Agreement as specifically stated in Article III.

### **Section 4.02**

In the oilfields, work performed under the terms and conditions of Article IV shall not require premium pay on any high time worked.

### **Section 4.03**

On offshore installations, all provisions of Article III shall apply except as specifically provided for in Sections 4.03 through 4.09.
