

Request Addition to a Project

Step 1: As a contractor, navigate to <https://services.dir.ca.gov/pw>. Under Project Actions, click Link to a project.

Step 2: Search for the project by DIR Project ID or Project Name.

Click on project to add to your dashboard so that you can submit eCPRs to the project.

Step 2.5: If you are also adding a subcontractor to the project, click on box under Project Additions and search the contract you are adding as a sub-contractor. Click submit and this will add the project to the subcontractor dashboard as well as your dashboard.

Request Addition to Project

Add your account to a Project and/or request a sub-contractor join

• Indicates required

• DIR PROJECT ID or PROJECT NAME

• Contractor

Project Additions

Request a sub-Contractor

Submit

Step 3: The project will now appear in your Active Projects list on your main landing page. You can use the search bar above the list to search through your active projects.

Active Projects

Search by name, awarding body, etc.
