The following table lists owner/operators that operated portable amusement rides in the State of California, the number of rides inspected for each owner/operator, the number of annual and temporary permits issued, and the number of rides re-inspected during the 2019 operating season.

After an inspection of a portable amusement ride that is found to comply with all applicable regulations, the Division issues an annual operating permit.

When an inspector observes a violation deemed non-critical to the safe operation of a portable amusement ride but requiring corrective action, the Division issues a temporary operating permit expiring on an assigned date within 30 days after issuance.

When an inspector observes a critical violation, no permit is issued.

A ride may be re-inspected throughout the year and permitted accordingly.
